

VOL. 01 – WHOLESALE CATALOG · 2026

A weight worth setting the table.

Wholesale stainless flatware and serving tools for banquet halls, caterers, restaurants, hotels, and event venues.

| WHAT WE ARE

Wholesale stainless flatware and serving tools for hospitality buyers.

SOLD BY THE CASE · BUILT FOR SERVICE

Saffron Steelware supplies the hospitality industry with stainless steel flatware and serving tools — quoted in bulk, organized by pack format, and built around repeat hospitality restock.

We are not a retail kitchenware brand. We work with banquet halls, caterers, restaurants, hotels, and procurement teams who need clear product options, fast quoting, and reliable sourcing through the high season.

01 / FOCUS**Hospitality only**

Built for venues and caterers — not consumer ecommerce. Wholesale-only catalog, pack-formats, and quote-based pricing.

02 / PATTERNS**Repeatable product families**

A curated catalog of flatware and serving-tool families designed for reorder conversations, replacement needs, and future standing stock.

03 / SOURCING**Globally sourced**

18/10 stainless from established mills, finished and packed for hospitality use. Every SKU is built for repeat service.

Inside this volume.

The catalog is organized by product category and then by pack format. Use the inquiry page to request a quote on any single SKU or full pack.

| WHO THIS CATALOG IS FOR

Built for the people setting **full rooms tonight.**

01 / SEGMENT

Banquet halls & event venues

Flatware programs for venues running back-to-back receptions. Consistent product families matter more than novelty — every reception should look deliberate.

- Standing pattern, full place setting
- Replacement-friendly individual SKUs
- Quarterly restock by the case

02 / SEGMENT

Catering companies

Pack-format flatware sized to guest count, with serving-tool packs that match. Fast quote turnaround is the difference between winning and losing the job.

- Guest count packs sized to the event
- Buffet serving tool packs by station
- Custom-built packs on request

03 / SEGMENT

Restaurants & hotels

Replenishment programs for high-turnover service — daily covers, room service, banquet operations. Loss and damage are constant; restock should be too.

- Restock packs by the case
- Pattern matches for legacy stock
- Core hospitality service patterns

04 / SEGMENT

Hospitality procurement

Quote-based wholesale sourcing for buyers who need clear quantities, finish options, lead times, and a single contact for follow-up.

- Wholesale quote flow · single contact
- Buyer-selected quantities
- Clear landed-cost discussion on request

CATEGORY 02 / FLATWARE

Forks, knives, spoons.

Individual SKUs across our standing patterns. Sold by the case for restock, or bundled into guest count packs (§05).

| PACK FORMAT 01 / GUEST COUNT

PACK FORMAT 01 / GUEST COUNT

Sized to your guest count, in five pieces.

Five-piece place settings — dinner fork, salad fork, knife, soup spoon, teaspoon — packed in case quantities sized to the event you're servicing. Request your guest count and we'll pack the case to match.

PACK OPTION A

Standing pattern

Choose a flatware family from the catalog and we will quote the forks, knives, spoons, and teaspoons around your guest count.

- 5-piece place setting
- Sized to your event headcount
- Replacement-friendly individual SKUs

PACK OPTION B

Mix-and-match

Different serving tools for buffet service, polished flatware for guest tables, specialty pieces for dessert. Tell us what you set, and we will quote it.

- Multi-pattern within a single pack
- Per-table or per-section packing
- Custom layouts on request

| PACK FORMAT 02 / VENUE RESTOCK

PACK FORMAT 02 / RESTOCK

Replenishment, by the **case**.

Loss and damage are part of high-turnover service. Restock packs quote single-piece replacements — dinner forks, knives, spoons, or any individual catalog item — by buyer-selected quantity.

RESTOCK OPTION A

Single-item restock

One product family or item type per restock request. Send a list of products and quantities, and get a quote with available pack sizes.

- Single item type per request
- Quantity confirmed on quote
- Built for repeat replenishment

RESTOCK OPTION B

Standing PO program

Quarterly auto-ship of a fixed restock list. Set it once and forget it; reduce the chance of running out before high season.

- Quarterly auto-ship
- Adjust list any time
- Consolidated invoicing on request

| PACK FORMAT 03 / BUFFET SERVING TOOLS

PACK FORMAT 03 / SERVING TOOLS

Built for the chafing line.

Serving spoons, slotted spoons, ladles, tongs, and specialty tools — packed by the station type. Hot side, cold side, or specialty buffet, sized to the chafer count and station rhythm.

SERVING PACK A

Standard buffet pack

Three serving spoons, two slotted, two ladles, two tongs, one carving fork — the default mix for a full chafing line.

- Sized to chafer count
- Heat-resistant grips on hot-side tools
- Mix-and-match by station

SERVING PACK B

Custom serving pack

Tell us your stations — pasta bar, carving, salad, dessert — and we'll spec the right tools per station and pack as one unit.

- Per-station spec sheet
- Specialty tools (pie servers, paddles, etc)
- Repeat-pack for recurring events

| ALL FOUR PACK FORMATS

Three standing formats, plus build-your-own.

PACK 01

Guest count

Five-piece place settings packed to your guest count. Dinner fork, salad fork, knife, soup spoon, teaspoon — sized to the event.

→ Best for: caterers, banquet halls

PACK 02

Venue restock

Single-SKU case quantities for replenishment. Standing pattern continuity across years. Auto-ship on quarterly PO available.

→ Best for: hotels, high-turnover venues

PACK 03

Buffet serving tools

Serving spoons, ladles, tongs, slotted spoons, specialty servers. Packed by station or by chafer count.

→ Best for: catering, banquet, buffet service

PACK 04 / CUSTOM

Build your own

Mixed flatware, mixed serving, multiple patterns, station-specific spec — send us your event setup, we'll quote a custom pack.

→ Send a list. We'll build the quote.

| INQUIRY

Tell us what you're setting.

Send a short list — pieces, pack format, headcount, delivery window. A real person reads every inquiry and responds with pack pricing, freight, and lead time.
